

STABILIZED HEADS – FILMOTECHNIC

## **FLIGHT HEAD MINI**

The Flight Head Mini is our smallest, lightest and fully digital flight head. It is made of 100% carbon fiber making this a great tool for steady cams, jib arms and commonly used with cable rig on any other light weight application.

# FLIGHT HEAD MINI

## DATASHEET

Stabilization	3 axes gyro stabilized
Payload Max	11,8 kg
Gimbal field of view	Pan: 360° Tilt: 200° Roll: 270° – Auto horizon Max speed Pan/Tilt-Roll: 160°/s
Data / Communication	RF Wireless
Weight	9,5 kg
Power supply	24 – 30VDC 15A Max
Environment	-40 to +40 °

Unit of measure - millimetres [ mm ]
